

# STOP ILLEGAL DUMPING!

Metro Public Works receives on average over 1,800 calls a year to clean up illegally dumped waste and litter. Illegal dumping is an ongoing and highly visible problem. Mattresses, tires, building materials, car parts and other items left on the roadside or other public places make those places unattractive and have other negative consequences.

Questions? Call 311  
or 615-862-8750
